PONS Turkish dictionary is a comprehensive dictionary for Mac Os with easy-to-use interface, rapid access, precise translations and unique compression technology. It works under the powerful **SlovoEd** application engine from **Paragon Software (SHDD)** the world's leading provider of software for computers and mobile platforms.

Dictionary contains detailed meaning differentiations, usage examples, useful phrases for everyday life, 120.000 references and idioms, etc.

Two industry leaders have combined their efforts to provide a revolutionary combination of high-quality reference content and state-of-the-art technology for your translation needs.

Turkish-German-Turkish dictionary contains about **73 000** entries.

Outstanding features of Pons dictionary software for Mac OS:

- Read e-mails, documents and web-pages from your PC and get **Word Translations** without leaving your active application by hovering mouse over a word;
- Find the translation of the word in any grammatical form with help of built-in **Morphology Module** for English, Russian, French and Spanish;
- Listen to correct word pronunciation using built-in **Sound Modules**, containing pre-recorded voice of German native speakers;
- Learn foreign languages with immediate **grammar reference** for any word in the dictionary (English irregular verbs, German verbs, grammatical forms, etc.);
- Study the language in the easiest and most effective way using the dictionary. Check yourself with the words you have added to **Flash Cards** from the dictionary;
- **Similar Words function** helps you to find a word even if you do not remember its spelling.
- Keep your dictionary always up-to-date. New **Dictionary Online Update** feature lets you know of updated dictionary versions available for download;
- Discover new dictionaries and download it directly to your device with the built-in **Online dictionary catalog**;
- Enter the words on your native language easier using on-screen **Virtual Keyboard** for many languages;
- Find the word even if you don't know its exact spelling using **wildcards search** ("*", "?", etc.);
- Find the list of **irregular verbs** for English and German dictionaries.
